To whom it may concern:

I was the CFO of Brodie Construction from 2006-2010.

This letter is in reference to a professional recommendation in regard to a one Ms. Lyn L Nauenburg I highly recommend as a candidate in the field of Commercial and Residential Construction of both the private and public sector.

Lyn the daughter of a former General Contractor turned Land Developer became my right hand managing up to 25 employees with an uncanny ability to complete tasks making deadlines without little instruction. Having a strong working relationship, I can attest Miss Nauenburg is of immeasurable worth to any organization.

I am confident Ms. Nauenburg will make an invaluable addition to your organization and as a part of your team. If you should have further questions, please feel free to contact me directly with any further queries.

Cordially,
